Published by the students of

King City Union High School King City, California The senior class deeply regrets the absence this year of one of its nicest, most friendly boys. George became ill before school started this term, but he is determined to graduate in '51. We feel that he is to be commended for continuing his studies at home so that he may finish with his class.

While in school he was noted for his excellent dancing ability and his mathematical genius. He is interested in leatherwork, hunting, and all outdoor activities. We all wish him luck in the future and we know that he will be successful in whatever he does.

GEORGE

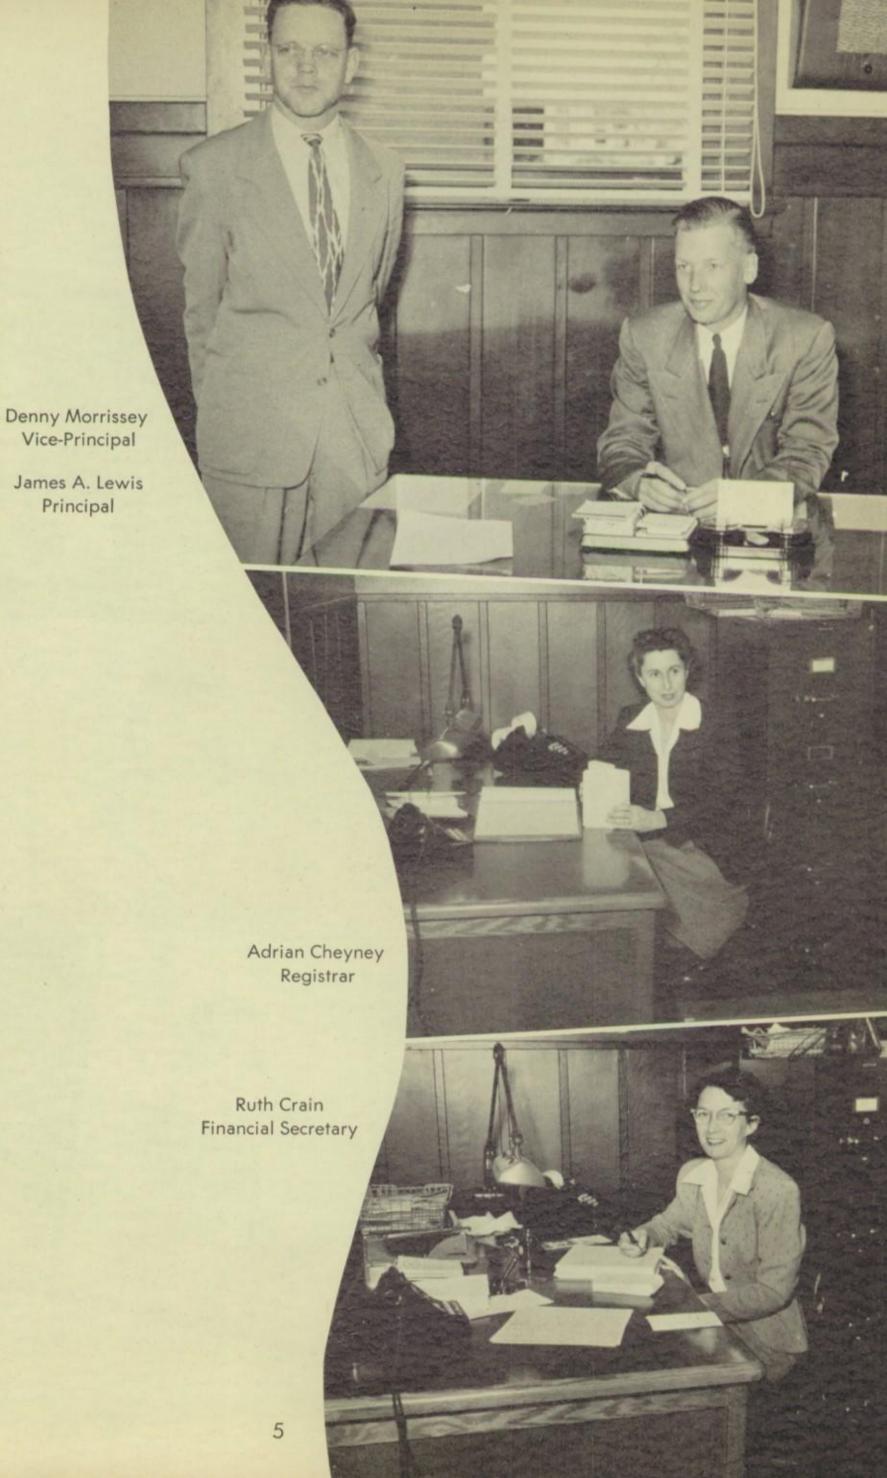

Friends, scholars, and athletes. Those who gave a full measure of service and loyalty to their school. May the ideals which guided them serve forever as signposts to others as they pass through our school.

To **Mike Greco**, our friend, whose advertisement was to have appeared on this page.

He gained from Heaven ('twas all he
wished) a friend."
